Form Purpose

A student’s Cost of Attendance each quarter is built based on their enrollment level and housing situation, among other factors. The default tuition amount in the Cost of Attendance is based on 12 credits of enrollment for full-time students. In situations where a student is enrolled for more than 12 credits in a quarter, this form can be submitted to have the WVC Financial Aid Office update your Cost of Attendance to reflect your higher tuition costs. Once processed, the Financial Aid Office will review your financial aid offer to see if there might be an increase in your aid eligibility. Please follow the steps in the Form Instructions section to ensure efficient processing of this form.

Form Instructions

- Step 1: Fill in the Student Information section at the top of this form.
- Step 2: Read the statement and check the box for the appropriate quarter(s) in the Attestation section.
- Step 3: Sign and date in the Signature section.
- Step 4: Return the form via one of the methods in the Submission section.

Attestation

By checking any of the boxes below and submitting this form, I am affirming that I am, at this time, enrolled in more than 12 credit hours for the corresponding quarters. I understand that while the Financial Aid Office will increase my Cost of Attendance to reflect my higher tuition costs, this does not ensure that I will receive any additional financial aid.
